

THE ASTORIA INVESTMENT

PREFERRED EQUITY INVESTMENT

(ASTORIA, QUEENS, NY)

13%¹

Preferred Return
(Annualized)

We have made a preferred equity investment in a multifamily development project sponsored by a New York-based real estate development, investment and management firm. Our preferred equity investment is structured as a co-investment with a publicly-traded real estate investment trust (“REIT”).

Situated on a 2.5-acre waterfront site in the Astoria neighborhood of Queens, New York City, construction has commenced (with the majority of foundation work now complete) on a high-end apartment community that will be comprised of three buildings totaling approximately 534 units. Completion is slated for the second quarter of 2022.

\$342 Million Astoria Investment Project

At a 13%¹ annualized preferred return, we believe our \$15 million preferred equity investment can offer significant risk-adjusted return potential.¹ It should be noted that the current outstanding preferred equity (held by Cottonwood and its co-investor, a publicly-traded multifamily REIT) is structured on a pari passu basis, meaning payment priority is equal.

An investment in our shares is speculative, illiquid and involves a high degree of risk and there is no guarantee that investors will receive any return or that they will not lose their entire investment. No public market exists for our shares; our board of directors is not required to provide shareholders with a liquidity event by a specified date or at all; the offering price is arbitrarily set and is unrelated to the value of our assets or our operating income; we have no operating history; the impact of the COVID-19 outbreak on our operations and value; you will not have the opportunity to evaluate our investments before we make them; we may not achieve our investment objectives; we depend on our advisor and its affiliates to select investments and conduct our operations; we pay substantial fees to our advisor and its affiliates, which increases the risk that you will not earn a profit; our officers and certain of our directors are also officers and directors of our sponsor and its affiliates and thus will be subject to conflicts of interest; we will use leverage to acquire multifamily apartment communities, which increases your investment risk; there are restrictions on the ownership and transferability of our shares; our charter permits us to pay distributions from any source, including offering proceeds or borrowings, without limitation; if we pay distributions from sources other than our cash flow from operations, we will have less funds to invest; it is likely that we will use sources of funds which may constitute a return of capital to fund distributions; we may not be able to acquire a diverse portfolio of multifamily apartment communities and as a result the value of your investment may vary more widely; if we fail to qualify as a REIT, our operations and our ability to make distributions to our shareholders would be adversely affected; and we will be subject to development and operating risks of our real estate including economic risks, legislative risks, tax risks, environmental risks, financing risks, liquidity risks and lack of diversification.
